### **STEP 3:**

**As soon as your income eligibility has been confirmed, Michelle from the Brockton Redevelopment Authority will contact you with next steps, including scheduling of the HOME inspection (see below).**

### **HOME Inspection**

The HOME Investment Partnerships Program (HUD) requires a HOME inspection of the home to certify that the property meets HUD's quality housing standards. The fee for this inspection (typically \$300) will be deducted from the City's loan amount.

At a minimum, the home must meet all applicable Federal, State and local housing quality standards and code requirements, and the home must not contain any specific deficiencies as those proscribed by HUD in the Uniform Physical Condition Standards inspection procedures as pursuant to 24 CFR 5.705.

You will be provided with a copy of the inspection report. If the property does not meet HOME condition standards, repairs will need to be completed before the City can issue the loan. After the repairs are made, we will re-inspect the property to certify that the repairs were made.

Properties built prior to 1978 must be visually assessed to identify and stabilize deteriorated paint.

## OTHER PROGRAM INFORMATION

### Household Size

Income limits are adjusted by household size. To ensure that all prospective homebuyers who receive assistance are eligible, the BRA will need to determine the size of the applicants' household. As such, all persons in the household will be counted (including non-related individuals) with the following exceptions: live-in aides; and children of live-in aids.

### Household Income

The BRA will also need to determine the annual income of all eligible household members to ensure eligibility of all prospective homebuyers who receive assistance. When determining the household annual income, the BRA must count the income of **all** household members over the age of 18 who work (including nonrelated individuals) with the following exceptions: foster children; foster adults.

The BRA uses the Part 5 Section 8 rules for calculating gross income, found at 24 CFR Part 5 Subpart F, Income Limits. These rules specify what forms of income should be included and what should be excluded. The BRA will re-examine the household's income if more than six months has elapsed since eligibility was first determined. The BRA utilizes the *Technical Guide for Determining Income and Allowances under the HOME Program* to ensure compliance with household size determination.

### Household Assets – (\$25,000 cap) What assets may be included?

1. Cash held in savings accounts, checking accounts, safe deposit boxes, homes, etc. For Savings accounts use the current balance. For checking accounts, use the average 6-month Balance. Assets held in foreign countries are considered assets.
2. Cash value of revocable trusts available to the applicant.
3. Cash value of stocks, bonds, Treasury bills, certificates of deposit, mutual funds, and money market accounts.
4. Lump sum or one-time receipts, such as inheritances, capital gains, lottery winnings, victim's restitution, insurance settlements and other amounts not intended as periodic payments.

### What assets are excluded?

1. Assets not effectively owned by the applicant. That is, when assets are held in an individual's name, but the assets and any income they earn accrue to the benefit of someone else who is not a member of the household and that other person is responsible for income taxes incurred on income generated by the asset.
2. Assets not accessible to and that provide no income for the applicant.
3. Assets that are part of an active business.
4. Retirement accounts such as 401(k), 403(b), 457 and IRA accounts.
5. Government approved college savings plan.

Homebuyers should have some residual savings left over after closing especially on a very low down payment mortgage to borrowers with high total debt ratios.
